Parents may view their child's FCAT writing, reading, mathematics and science scores on the internet by logging on to the Okaloosa School District Parent Star website at <https://parentsis.okaloosa.k12.fl.us/>. Parents access this secure site using the same unique student identification number and 4 digit password used to access Grades Online. The website may also be accessed through <http://www.okaloosaschools.com/>

Click **PARENT STAR** Parent Portal on the right side of the home page and enter the login information. When the next screen appears, click the **Test Scores** tab at the very top of the page under "Student Targeted-Accountability Resources". A screen similar to this will appear displaying your child's 2010 FCAT scores.

Another feature of Parent Star is a graphical representation of your child's FCAT history. After you login, click on **View Your Student Dash Board** to see a chart of the progress your child has made on the FCAT while in Okaloosa County schools.

Grade 3 scores are now available. Reading, math, science and writing scores for grades 4-11 will post within a few days of the school district receiving the electronic data from DOE. We expect to receive these scores mid June. Please contact your child's school if you do not know his/her student identification number or have questions regarding this letter.
